Customer service – for us more than two words

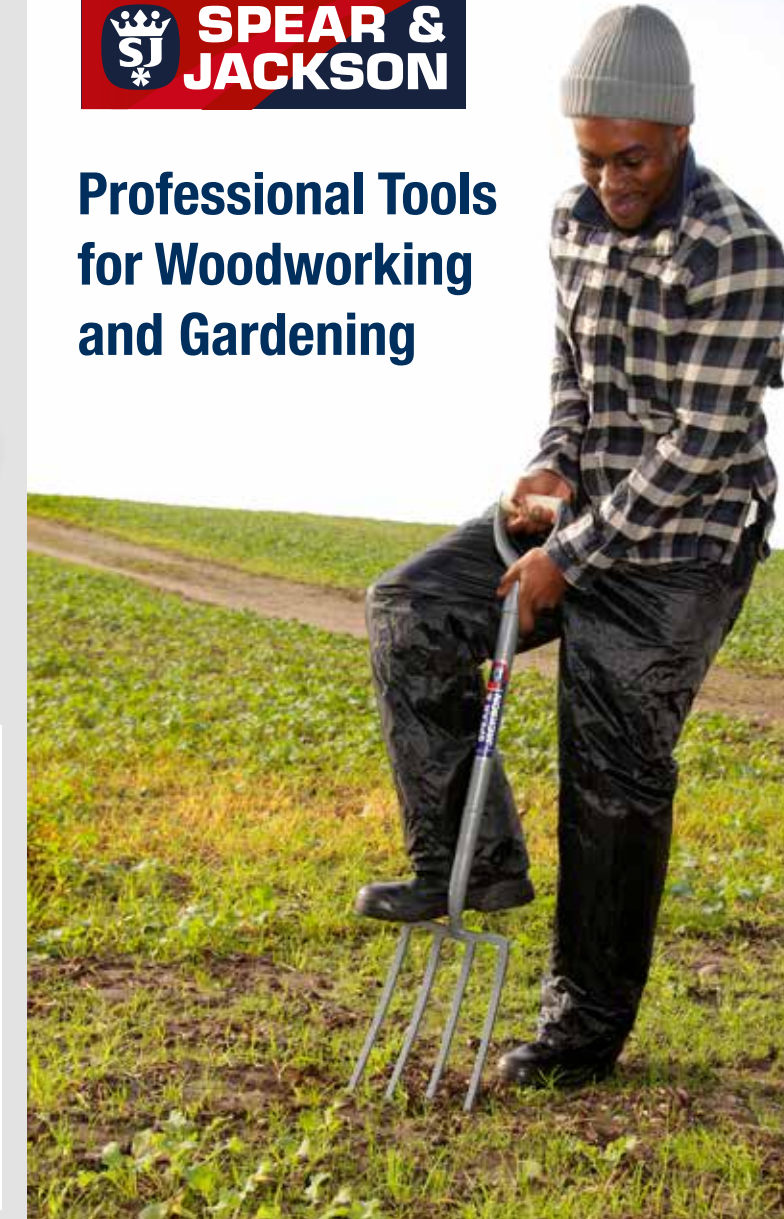

Since 1968 hands-on mentality and an efficient organization enable us to support our customers: We established our own well-equipped workshop to provide maintenance and overhauling services, are stocked with a wide range of spare parts for quick availability. We also provide technical training directly in our training centre. We are backed by the head office of C. WOERMANN in Germany (founded 1837) that also supports branches in Angola and Ghana.
